The BTEC course you are about to embark on will enable you to discover different ways of studying and learning. For example:

### Teaching and Learning styles

- ❖ Group/Pair work Discussions
- ❖ Class debates
- ❖ Student presentations
- ❖ Research Projects
- ❖ Media – film / music / interactive websites
- ❖ Role play
- ❖ Replication of studies
- ❖ Independent study/reading
- ❖ Extended writing
- ❖ Quizzes and games

To get you in the habit, choose one of the above and come back in September with an example of how you have done it. For example, you may make a short film about your summer or research something that you are interested in.

Below, explain in more than 100 words what you are going to do.

*Organisation is the Key to Good Study Skills*

**How to be organised:**

- Number and date all of your notes and handouts to keep them in order.
- Use a folder and file dividers to separate each unit for coursework.
- Take responsibility for catching up if you miss a lesson due to illness. Find the resources that you missed and also photocopy a friend's written notes.
- Check the relevant section in the textbooks and make extra concise notes if it improves your understanding. If you don't feel confident about a particular area, consult your teacher. Never be afraid to ask for help if you don't understand.
- Always come prepared to class, bringing course handbook, writing equipment, class notes from previous lessons, diaries etc.
- If at any point you feel overwhelmed by the work – call for help – wave – don't drown!

### Assignment Action Plan Proforma

Before starting each new assignment it is important that you think carefully about how you will complete your work to the highest standard you can, whilst always meeting the given deadlines. Answer the following questions – use the answers as a guide.

In summary, what do I need to do for each task? Talk about each individual task.	
When do you plan to start the tasks for this assignment?	
When do you plan to finish each of the tasks?	
Are there any words you don't understand from your assignment brief or from the lessons?	
How often will you review your work with your tutor?	
What is your final deadline?	
How will you check your work is written well and is accurate?	

Ask your teacher for a mock assignment in the vocational area you are studying. Over the summer break, fill in this action plan as if this was the real thing. Good habits lead to success and getting used to planning this out will really help.

### Work Experience

You are studying a vocational course and to be successful you need to understand what it is like to work in that industry. Over the next few weeks find out more information about your subject area by carrying out some of the below:

- Speak to someone who works in that sector.
- Research on the internet salary, working practice, qualifications, potential roles etc.
- Look for vacancies in the sector to determine experience and qualifications that are required.
- Find opportunities for work experience or job shadowing.
- Begin to look at opportunities after college/ sixth form to ensure you know what you need for that next step.

Once you have done any of the above record it in the table below:
