## Post-16 school and college open events

---

Please check the school or college websites for further information (times and dates usually do not change but they can and will be updated on the providers web pages).

For the vast majority of these events you need to book online. Therefore please head to the school or college web page and register / book online in order to attend an open day / evening.

Do not just visit your favourite provider. Look at your second and even third choices.

If your grades are not secure (e.g. not guaranteed the entry requirements for a course at a provider), ensure you visit a range of different course providers e.g. A level and BTEC

For more information speak to your tutor or CHS teacher.
