## Post 16 School and College Open Events 2024

---

Please check the school / college websites for further information (times and dates usually do not change but they can and will be updated on the providers web pages).

For the vast majority of these events you need to book online. So, head to the school / college web page and register or book online.

Do not just visit your favourite provider. Look at your second and even third choices. This will help you make the right decisions.

If your grades are not secure (e.g. not guaranteed the entry requirements for a course at a provider), ensure you visit a range of different course providers e.g. A level, T Level, BTEC, Apprenticeships.

For more information speak to your tutor or CHS teacher.
