

GCSE MEDIA STUDIES

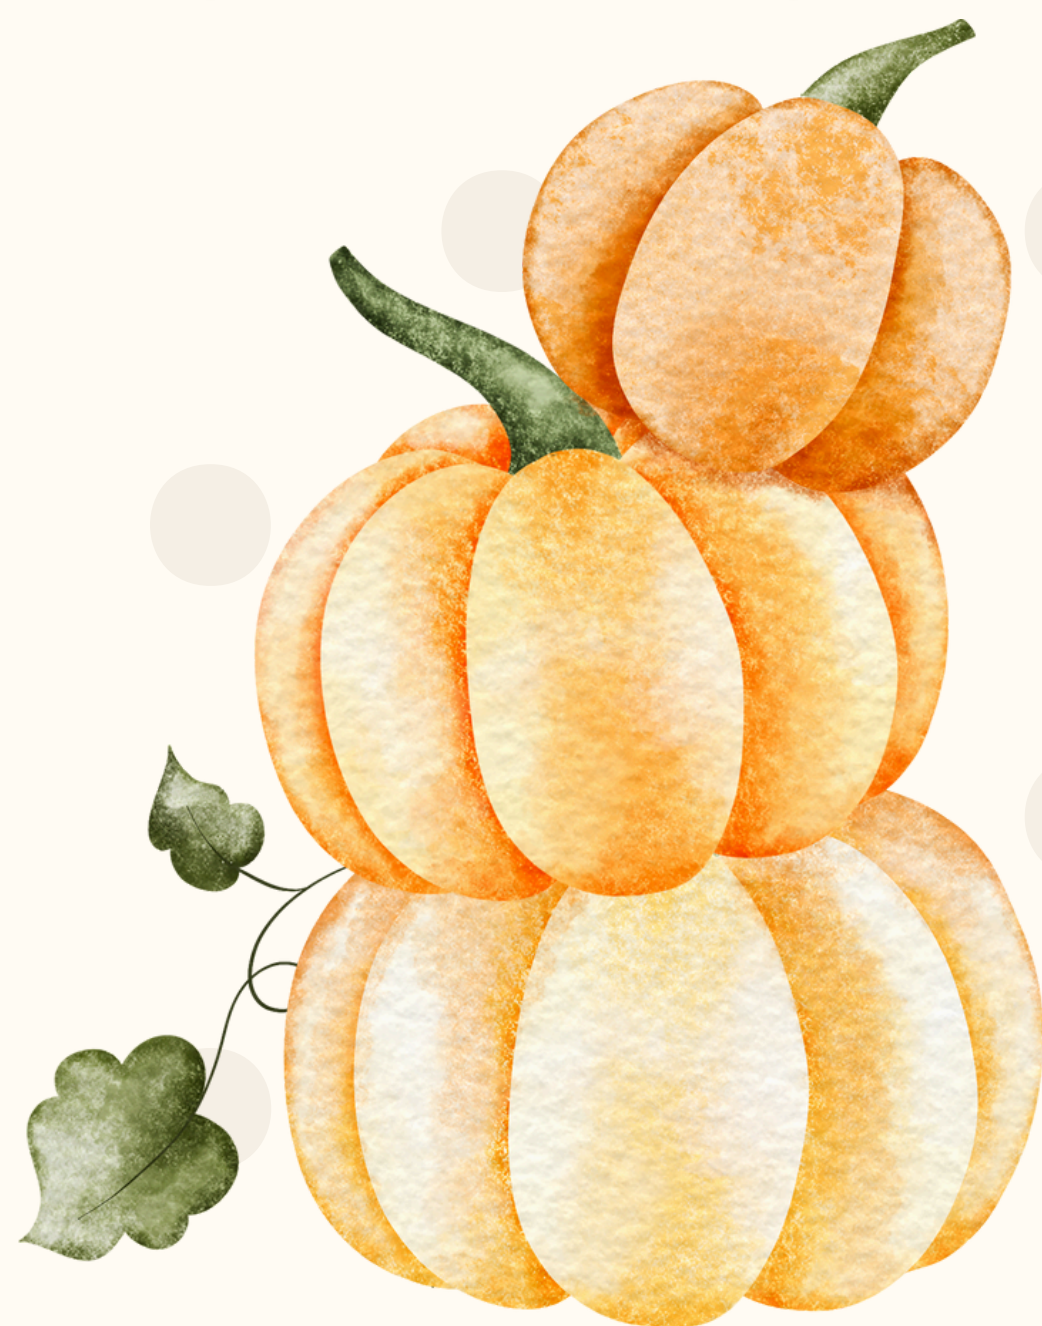

Autumn Photography Competition Results

WHAT WAS THE TASK?

Year 10 students were asked to capture the beauty, mood, and colours of autumn through their own unique perspectives! Their challenge was to take photographs that represent what autumn means to them — it could be nature, people, activities, or even small details that captured the essence of the season.

They were asked to ensure that their photos told a story: the golden leaves, misty mornings, spooky season, cosy moments, or autumn celebrations like Halloween and Diwali!

Please find our students' wonderful photographs, winners and results overleaf!
