

## **Charmelle Longe**

### **Staff Governor**

With 17 years of experience teaching across diverse educational sectors, including state, independent, and co-educational settings, I bring a broad and balanced understanding of how different school environments operate and what helps them thrive. My background has equipped me with insight into curriculum development, pastoral care, and the importance of inclusive, high-quality provision for every learner.

I am driven by strong values rooted in service, integrity, and community. Throughout my career, I have been committed to ensuring that all young people, regardless of background or starting point, receive the support they need to achieve their potential. I believe deeply in the power of education to change lives and am dedicated to fostering environments where students feel seen, supported, and encouraged to succeed.

My zeal for progress, both academic and personal, guides my approach to governance. I value thoughtful challenge, collaborative problem-solving, and evidence-informed decision-making. As a governor, I aim to contribute positively to strategic planning, uphold high standards, and advocate for individualised support that recognises each pupil's unique strengths and needs.

Beyond school life, I am committed to serving the community and working with a local Gospel Academy to inspire young people to strive for and achieve excellence. I enjoy singing, music, dance, design, learning languages and love utilising these passions to enhance the learning experience.
