I am a local girl, having been raised close by in the city, but I am currently living and serving in Warwickshire. I have 11 years of senior leadership experience across all aspects of school, including trust wide leadership. I serve in a community where deprivation is high, and it's this knowledge and experience I bring to the team of governors at Manor High School.

It's a privilege to serve in a school in such a different context to my own. I see my role as providing support and challenge, and bringing an outside perspective that is rooted in the realities of modern school leadership. I believe that effective governance is about asking the right questions to ensure that resources are translated into real-world impact for pupils. It is an honour to contribute to the Manor story, and I am committed to helping the school build on its strengths while maintaining a relentless focus on continuous improvement and pupil wellbeing
